Please join the Special Education Parent Advisory Committee (SEPAC) for Saturday meetings on special education topics and open general meetings.

SEPAC is composed of a group of parents with current students with disabilities from Antrim, Benzie, Grand Traverse, Kalkaska and Leelanau county school districts. Together this group works to provide a supportive environment for students, families and educators that will help each student achieve their potential. Families often find their greatest support in other families who are in a similar situation. SEPAC members work as a resource for others who are unfamiliar with regional services or are looking for information that might support the special needs of their child. A SEPAC representative is willing to share their insight as you navigate your journey through special education.
