

half

widest

as many

fewest

Widest: Widest means the largest or broadest of something.

The bridge crossed the river at the widest part.

Prompt:

Which is the widest, a school bus, a car or a bicycle?

Hold up three books, ask “Which book is the widest?”

Fewest: Fewest means the smallest number of something or the least amount of something.

I only had two pieces of candy, mom had four, and you had five, so I had the fewest.

Prompt:

Who has the fewest number of buttons on their shirt? Which name has the fewest letters? (Need to compare at least three names)

Half: Half means to divide something into two equal pieces.

I cut the pizza in half. The pieces were exactly the same size.

Prompt:

Choose six students, place them in a group and have half of them move to another part of the room. How do we know it is half?

Have a student fold a piece of paper in half, have another student fold a piece of paper in half the other way.

As many: As many means to have the same number or amount of something as something else.

There are as many boys in my class as there are girls. There is the same number.

Prompt:

Whose name has as many letters as mine (or student in the class)?

At my house, I have three cars (choose any object), who has as many cars as I do?
